WHO WE ARE

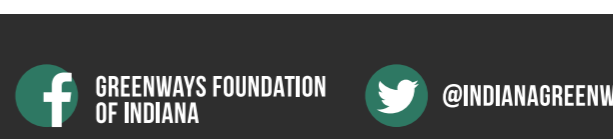

The Greenways Foundation is a charitable trust working to promote the growth, enhancement and use of Indiana trails. To accomplish this, we seek donations and make grants in support of trail development, enhancement and operations.

Our primary activities include:

- Assisting in forming effective local trail organizations.
- Building initial community support of trails.
- Providing startup grants to help local trail organizations.
- Acting as a source of trails information and consultation to government units in Indiana.
- Promoting best practices in planning, marketing, design, development and operation of linear parks.

WHAT WE DO

The Greenways Foundation is a statewide, charitable trust providing leadership and advocacy in the growth and use of Indiana trails. We do this by catalyzing action and facilitating cooperation between government and private sector partners, providing technical assistance for community-based efforts and soliciting and distributing financial resources to support the development, enhancement and operation of all Indiana trails.
